Next Meeting—Saturday 6th November

G/DAY TO ALL,

Well the AGM has come and gone thanks to all who attended and took up positions, and welcome to the new office bearers.

Jeff Parker's demo on the round turn over top was well presented and the trial went off without a hitch turning over successfully thank you Jeff well done .

Scroll sawing day saw Tom produce a pattern for a toothless comb and a few members reckon that's what they needed and several renditions were produced with much hilarity ,then a Jigsaw of a wiggly worm was presented to Jack to put together and after much deliberation he turned it over and proceeded to assemble.

The slabbing job with the Lucas Mill at Jayme Marshall's property went really well thanks to Malcom, Graham, Alan, Owen and Jack. We finished in 1 day with 3 logs slabbed for 12 slabs of Red Gum. A job well done thanks to new chains they make a difference.

Hahndorf wood show was very well supported by the members who displayed and sold wood products of all types. The quality of workmanship was fantastic for hobby turners and not a professional turner in sight.

A demo by Graham in the art of Resin work was very well received by all .

Our next meeting will be the last meeting for the Turners as the December meeting will be our Xmas lunch at the Swanport Hotel the menus have been circulated for your perusal. We need to know numbers by NOVEMBER 30 - contact Jack Hunt .

Scrollers have 1 more meeting to go in November before finishing for the year.

Well that's enough from me

Cheers Jack Hunt.

Red Alda

WIFE—I have just come from
the beauty salon
HUSBAND—Were they
closed?

And we have our new
Rikon 14" bandsaw.
Kindly delivered by Steve
Johnson of A1 Sales.

Of course delivery was
fully 'supervised' by
Graham, Jack,
Alan and Lorraine.

Slabbing

Tom provided us with a couple of patterns. The 'Bald Mans Comb' was quite interesting.

Just a few photos

HOW TO WALK A HUMAN A Dogs Guide

Humans need exercise. If they don't get it they become "chubby". It's up to you to save them.

1. Allow your human to tether themselves to you. This keeps them from wondering off or running away.
2. Your human will probably need breaks. Be considerate and stop and sniff often.
3. Bark frequently. Humans have short attention spans.
4. When you go to the bathroom, walk away. If you have trained your human correctly, they will pick it up. Good aerobics.
5. Periodically drag your human as fast as you can. This is called interval training.
6. Do not allow your human to shorten the walk. They are being lazy. Sit in protest if you must.
7. Once you return home, allow your human to remove their tether, then lick their face many times. This is positive reinforcement for a job well done.

MINUTES OF MEETING 4th September 2021

Moved that the minutes be accepted as circulated. Graham N, Lorraine. Carried

BUSINESS ARISING

- Bandsaw purchase. Steve Johnson – A1Sales – advised that we purchase a Rikon saw. As there were only two available in Australia it was necessary to make a swift decision. The Executive agreed and the purchase was made. When the saw arrives from Perth Steve will deliver and install it.

Barry Warnecke resigned over this purchase and left the building.

- Slabbing on October 9th is going ahead and volunteers were called for – Owen and Graham.

Chains for mill. Two are to be purchased.

CORRESPONDENCE

Thanks to Helen & Owen for 2 copies of the Australian Woodworker.

Jack has details of a lathe for sale, including chucks and chisels \$400.

Charles Grieg spoke in detail about the Western Woodies event to be held at Hahndorf on 23 & 24th October with setup on 22nd after 12.

Paperwork was made available.

TREASURER'S REPORT.

Details as previously circulated Helen H, Gordon Carried

Approval given to pay Council for 3 months electricity.

GENERAL BUSINESS

Christmas function. Decision made to hold this at the Swanport Hotel on Saturday 4th December. Jack to make a booking and obtain copies of the menus.

There will be a Kris Kringle gift exchange – up to the value of \$10.

We will also have a wood swap. Please bring along a piece of timber that can be used.

This includes scrollers and we will work out the separation.

SHOW AND TELL

Graham. Three CNC routed items – trivets? Hat/coatrack from redgum and dog spikes as hooks. A second hat/coatrack from silky oak with a live edge. Both finished in clear lacquer.

Susan showed three doves that she had cut on the scroll saw and decorated for Christmas.

Jeff. Scroll sawn kissing couple from pine. Tree of life that had aluminium applied to the timber – well done – with a painted backer. Also, a layered cross with a coloured layer.

Gordon – Tree of life which was the basis of the previous scroll saw day.

Helen – Tree of Life

Tom – Tree of Life, bunch of flowers in ply, 'I never finish anyth' in pine and a series of pictures – young boy/girl, older and dating, engagement and then the wedding.

Ross – The demo from last month had been reworked and shown again, Next was a bowl roughed out. This is very red and seems to be Red Alda. This piece came from the Hills Club and is still quite wet.

Charles G – A goblet made from pawlonia grown on his property. This was painted with automotive paint, 2 coats of grey and a final black coat before decorating it with gold leaf.

Jack – a box of labelled timber samples.
