Next Meeting will be held on the 20th of May at 9:00 am.
Bring along your show and tell items to share with the other members.
The Monthly project will be of interest to our Pen makers.

The project is a Multi material Pen.

After morning tea we will watch
Brendan Stemp make a
Resin Wave Pepper Grinder.

Bunnings Sausage Sizzle

We will be conducting a sizzle at the
Thomastown store on the 10th of June.
We need more volunteers for a few hours.
I remind you by contributing your time will earn
You a rebate on your next Annual fee payment.
The list is at the hall or contact Gordon.

President's Report – April 2023

We are well into 2023 now. Hopefully you are getting into action. We would all love to see the work you are doing. We have regular members who manage to bring some their work to each monthly meeting but we would love to see the work & hear the ideas of other members at our next meeting on Saturday 20th May.

Gordon sent out information about the Berwick Woodworkers Exhibition from 7th to 9th July. We went last year and it is well worth putting in your diary.

Unfortunately, because I have not been well, I have been unable to meet all our members. I hope to see you soon.

Stay Well, Stay Happy.
John Wheeler

Projects

Gordon Watt has made these lidded containers. The one on the right is a double container. Both have been finished with spray lacquer.

Lionel Hart has made this segmented bowl from Blackwood and Oregon. The finish is Nitrocellulose Lacquer.

Lionel has also made this pepper grinder from Huon Pine. It is also finished with Nitrocellulose Lacquer.

Peter Fisher has made this goblet with a captured ring.

Ian Beckett has made these fountain pens from a variety of materials.

Mario Fenech has made this bowl from Blackwood and he has finished it with Shellawax.

Mario has also made these pens from Iron Bark. The finish is Shellawax.
